

We've been seeing golfers take a few to many liberties when using a golf cart. Tim and I would like me to ask you to adhere to the following rules.

1. When on a par 3 carts stay on the cart path the entire way. Everyday of the year.
2. When near a green you must park the cart on the path and walk up to the green. Many have been parking right up near greens.

We are seeing alot of turf wear on the course and want to avoid roping off the entire course or putting curbs throughtout so you cant leave the path. As always thanks for supporting us here at The Rock.

See You Soon.
Andrew
